ACME CORPORATION S.A.

Annual Financial Report — Year Ended 31 December 2025

Audited | Currency: EUR | Prepared by: Finance Department

CHIEF FINANCIAL OFFICER'S COMMENTARY

Fiscal year 2025 marked a year of solid operational recovery for Acme Corporation following the restructuring programme initiated in Q3 2024. Total revenue grew by **14.3%** year-on-year to **€42.6 million**, driven primarily by strong performance in our Technology Solutions division (+22.1%) and partial recovery in our Logistics segment (+8.4%). The Greek domestic market accounted for 58% of total revenue, with the remaining 42% from international operations across the EU.

EBITDA improved significantly to **€7.84 million** (18.4% margin), up from €5.21 million in 2024 (14.0% margin), reflecting the full-year impact of the cost reduction programme which delivered €2.1 million in annualised savings. Operating profit (EBIT) was **€5.92 million** after depreciation and amortisation of €1.92 million.

Net profit after tax was **€3.87 million**, yielding a net profit margin of 9.1%. The Board has proposed a dividend of **€0.18 per share**, totalling €1.26 million, subject to shareholder approval at the AGM on 15 April 2026. Earnings per share (EPS) for 2025 was **€0.553**.

The company ended the year with cash and cash equivalents of **€6.14 million** and net debt of **€8.92 million**, representing a net debt/EBITDA ratio of 1.14x — comfortably within our banking covenant of 2.5x. Total assets stood at **€38.4 million**.

OUTLOOK FOR FY2026

Management expects continued revenue growth of 10–14% in FY2026, targeting total revenue of €47–49 million, with EBITDA margin maintained in the 17–19% range. The Technology Solutions division is expected to benefit from the NexusSoft ERP migration project (see Note 7), which commenced in June 2026 and is expected to generate €3.2 million in efficiency savings over 18 months. Capital expenditure for FY2026 is budgeted at €2.8 million, primarily for data centre upgrades and ERP implementation costs.
